

Our Work

Moving Mountains provides scholarships to exceptionally bright young women in rural China. These girls understood the importance of education at a young age.

Despite challenging circumstances they have proven themselves with top scores on the rigorous entrance exams and they have been accepted into the best high school in their county. They've done the work and they have what they need to succeed, but there is one last hurdle:

Their average family income is
\$266 a year.

The cost of high school tuition is
\$300 a year.*

To these girls, this is a monumental obstacle.

**Together, we can move
mountains!**

* Each \$300 donation pays tuition for one full year of high school. Up to ten percent of this donation may be used for program expenses by the nonprofit foundation in China that facilitates our program and monitors each student. Excess funds, if any, are used to provide a meal allowance for the student.

One-to-One Sponsorship Programs

As volunteers for Moving Mountains, we are fortunate to see the effects of our work first hand. It is powerful to see the actual faces of the girls whose lives have been changed and to read their stories in their own words.

In an effort to share this incredible feeling, we've developed a special program for our sponsors. If you or your group is able to raise the funds to pay for a full year's tuition, we will match you with the actual student who has benefited from your donation. Not only will you receive a picture and profile of the student you have sponsored, but also, with the help of volunteer translators from the Hong Kong International School, you will be able to exchange letters with her. Through these special letters you can learn about the powerful effect that your donation has made in the life of a deserving student.

Now, I am back at school. I believe that if I work hard, I can finally be something and change my life forever. I think I am the luckiest girl among the 1.3 billion Chinese. ~ Tao

The Future

The majority of our students will go on to obtain a college degree with the help of government scholarships and low interest loans. These girls are extremely motivated to succeed.

Even though I spend twelve hours at school every day, I do not feel tired. I have a love for pursuing knowledge. ~ Mei

Once successful, we do not ask the girls to pay us back; we ask that they pay it forward. Many have already expressed their desires to give back, not only in their own communities, but also to help other girls like themselves.

I want to be a doctor in the future because doctors help lots of people. ~ Zhang

I will work hard and do my best, so that I can help the next generation in the world send out the scholarships. ~ Chen

In the mean time, they need our help.

I really hope that you can help the girls in (Guangdong and Yunnan) so that they will have a better future. It is really someone's life that we're talking about here. ~ Jinxie

Our Organization

Moving Mountains for Education, Inc. is a 501(c)(3) organization based in the U.S. It was created by a group of adoptive families with daughters from China.

Moving Mountains is deeply committed to keeping our overhead low. For the 2007-2008 school year, non-program expenses amounted to less than 1% of revenues. Our goal is to save every dollar possible for the education of these exceptional young girls.

Yes, I would like to make a difference!

One-to-One Sponsorship Programs

The Sponsor a Student and Build a Relationship programs provide pictures, profiles and thank you letters written to you by the actual students that you have sponsored.

Sponsor a Student

For \$300 you can send a girl to school for an entire year. I would like to support ___ student(s).

Build a Relationship

With a commitment of \$300 each year for the next three years or \$900 in advance, we can match you with the same student throughout her high school education. I would like to support ___ student(s).

For our one-to-one sponsorship programs, please indicate to whom you would like the letters addressed.

Name _____ Age (if child) _____
